Decrease between 1851 and 1861, .

In the Census of 1841 the Civic District of the Province of Leinster embraced the under-named Towns, which had then each a population of 2,000 and upwards; but, as in 1851, the respective populations had fallen below that number, their inhabitants were included with the Rural District, viz. :—Freshford, Graiguenamanagh, and Thomastown, in the county of Kenny; Banagher, in the King's County; Granard, in the county of Longford; Trim, in the county of Meath; and Moste, in the county of Westmeath.

In the Consus of 1861 the following towns have been included in the Civic instrict, their population having increased to 2,000 and upwards, between 1851 and 1861, viz. :—Geld:2 bridge and Sandymount, in the suburbs of Dublin City; Newbridge, in the county of Kildare; and Trim, in the county of Meath.

#### LEINSTER.

Years, from the 30th March, 1851, to the 7th April, 1861.
